

Instructions for completing Scholarship Package

All grade 12 students are encouraged to complete fully the University, College or both Scholarship Packages on-line and submit a paper copy to Student Services no later than 3:00 on the last Monday in September of their graduating school year.

Also, please update your package as the year progresses so that the Scholarship Committee has current information on you for nomination purposes.

The Student Services Team wishes you an academically successful year. May you also reap the rewards of your efforts through the many scholarship and bursary opportunities available.
